**4 DIRECTIONS —
1 TRUE ESSENCE.**

COMPASS PERSONALITY TEST

PERSONALITY COMPASS

- Everyone has some characteristics from each of the four directions, but one will capture the essence of your personality more accurately than the others. That is your primary direction.
- No one direction is better than another. They're all just different.

North personalities focus entirely on speed, leadership, and achieving goals.

They thrive on competition and take decisive, independent action to cross the finish line first.

Their intense drive for achievement can make them very impatient with delay or indecision.

THE DRIVEN LEADER — “GET THE JOB DONE FAST”

01. NORTH

01. NORTH

Strengths

- Quick decisions
- Strong leadership
- High competitiveness

Weaknesses

- Impatience
- A deep dislike of indecision

Work Style

- Independent
- Supervisory
- Fast-paced

South personalities prioritize relationships, collaboration, and harmony.

They have a genuine desire to help others and excel at bringing people together.

Their compassion makes them excellent peacemakers, but avoiding conflict can lead to non-assertiveness.

THE TEAM BUILDER — “BUILD THE BEST TEAM”

02. SOUTH

02. SOUTH

Strengths

- Cooperation
- Peace-making
- Helping others

Weaknesses

- Non-assertiveness
- Avoiding conflict

Work Style

- Group-oriented
- Focused on team building
- Laid-back

East personalities focus on precision, factual accuracy, and detailed planning.

They approach tasks with a serious, organized mindset, constantly looking for errors.

By focusing heavily on details, they can develop tunnel vision.

THE QUALITY ANALYST — “DO IT RIGHT THE FIRST TIME”

03. EAST

03. EAST

Strengths

- Detailed planning
- Logical analysis
- Spotting errors

Weaknesses

- Tunnel vision
- A strong dislike of inaccuracy

Work Style

- Serious
- Organized
- Slow & cautious

West personalities focus on innovation, flexibility, and big-picture thinking.

They crave freedom and use their work style to multitask while seeking originality.

They become frustrated by rigid rules and often struggle with disorganization.

THE CREATIVE VISIONARY — “EXPAND ALL HORIZONS”

04. WEST

04. WEST

Strengths

- Innovation
- Creativity
- Seeing the big picture

Watch Out For

- Disorganization
- A deep dislike of rigid rules

Work Style

- Adaptable
- Multitasking
- Fast & flexible

WHAT MAKES A GREAT LEADER?

- Servant leadership
- Empathy & listening
- Persuasion over coercion
- Honesty
- Skill development
- Elevate others
- Delegate work

SERVANT LEADERSHIP

Prioritize the growth, well-being, and success of your team above your own personal ambitions.

The best leaders serve others first.

EMPATHY & LISTENING

Understand what your team members are feeling and experiencing,
not just what they're saying.

Listen to understand, not just to respond.

PERSUASION OVER COERCION

Win people over with reasons and vision, not authority or pressure.

People work harder for leaders they believe in.

HONESTY

Tell the truth, even when it's hard. People would rather hear a difficult truth than a comfortable lie.

Trust is built on honesty.

SKILL DEVELOPMENT

Invest in making your team better.

A leader who grows their people builds a team that outlasts them.

ELEVATE OTHERS

Make the people around you look good.

Celebrate their wins publicly and loudly.

DELEGATE WORK

Delegation is not a sign of weakness. It's a sign of good judgment.

Trust your team with real responsibility. You can't do everything yourself.

PROJECT MANAGEMENT

Project Management: the discipline of planning, executing, and overseeing tasks to achieve specific business goals within a defined scope, timeline, and budget

Every project has a start, a finish, and a goal.

5 PROJECT PHASES

01.

INITIATION

02.

PLANNING

03.

EXECUTION

04.

TRACKING

05.

CLOSING

01. INITIATION

- Define the project's purpose.
- Secure stakeholder buy-in and establish a business case.
- Guiding Question: “Why are we doing this?”

02. PLANNING

- Build the roadmap.
- Outline the budget, scope, deliverables, and resource requirements.
- Guiding Question: “How are we going to do this?”

03. EXECUTION

- Assign tasks and build the deliverables.
- Keep the team on track and moving forward.
- Guiding Question: “Who does what, and when?”

04. TRACKING

- Track performance using KPIs or metrics.
- Ensure the project stays within its time and cost constraints.
- Guiding Question: “Are we on track?”

05. CLOSING

- Finalize deliverables and evaluate success.
- Release resources and document lessons learned.
- Guiding Question: “Did we do what we set out to do?”

PRODUCT REQUIREMENTS DOCUMENT

Product Requirements Document (PRD): a foundational guide that outlines a product's purpose, features, functionality, and behavior.

A PRD is created before development begins.

It acts as a single source of truth to align designers, engineers, and stakeholders on what is being built and why.

KEY PARTS OF A PRD

Product Overview: purpose and core use cases

Target Audience: user personas and who will use this

Features & Functionality: detailed descriptions of what the product will do

Success Metrics: specific, measurable KPIs or metrics that define a successful release

Assumptions & Risks: what can go wrong, and what are we assuming to be true?

STANDARD OPERATING PROCEDURE

Standard Operating Procedure (SOP): a set of step-by-step instructions that help workers do routine operations consistently.

The goal is to make sure all team members perform tasks the same way every time, which leads to higher quality, efficiency, and safety.

KEY PARTS OF AN SOP

Purpose & Objective: why the SOP exists and what it accomplishes

Scope: who it applies to and in what situations it should be used

Responsibilities: exactly who is responsible for carrying out each step

Step-by-Step Instructions: detailed, sequential actions required to complete the task

Definitions & References: list of vocabulary terms, acronyms, and links to relevant materials

TRELLO & THE KANBAN BOARD

Trello: a visual project management tool built around the Kanban methodology

Cards move left to right as work progresses.
